

1st Iran InterPore Conference

Tuesday, 24 September 2024

Parallel Session 3: Geotechnique/Soil Mechanics (09:45 - 10:45)

-Conveners: Amir Akbari Garakani

time	[id] title	presenter
09:45	[17] Numerical Investigation of Spontaneous Imbibition of Power Law Fluids in Partially Saturated Porous Mediums	Prof. SADEGHY, Kayvan
10:00	[18] بررسی عددی نفوذ خودبخود مایعات پاور لای در محیط‌های پorous اشباع جزئی	JABBARZADEH, Milad
10:15	[22] Investigating the impact of slope angle on the effectiveness of the slit barriers in dissipating the kinetic energy of debris flows	Ms AGHAGOLI, Anahita
10:30	[36] Numerical Simulation of density-driven flow in fractured porous media using extended finite element method	SAEEDMONIR, Saeed
